

# Ellwood Community Primary School

Believe, Achieve, Belong

## Personal Development

At Ellwood Primary School, we believe in developing the whole child. We are advocates that success is not measured purely by academic achievements but by the character of the individual also. Our aim is to ensure that every child in our care is the best version of themselves through being given opportunities to take on responsibilities, modelling and setting high expectations of respect, valuing honesty, teaching skills and being given opportunities to show resilience, nurturing kindness within school and the wider school community and learning how to maintain healthy friendships. We provide children with a rich tapestry of opportunities that will shape life choices and prepare them for their next steps in life.
