It has been suggested that the number of hazel dormice in the UK has dropped from around 3.5 million to only 750,000 in almost 30 years. Currently, their conservation status is classed as 'vulnerable', but some researchers say people should be more worried for them. A recent report from the University of Exeter urges for hazel dormice to be reclassified as 'endangered' and calls for more conservation action.

## This week's story looks at events related to ..

# Reflection

In both cities and the countryside, alongside people - there are other creatures, both great and small, who find homes in almost any place! It's important to be aware of local habitats and ensure the homes of wildlife are protected.

# Protected

For some people, caring

for and protecting

natural environments

form part of their beliefs.

It will affect their life

choices or how they

live their life.

# Democracy

We all have a voice and our opinions should be heard. If we want to help care for and protect natural habitats, we can use our voice and take action.

# Useful vocabulary

We have the right to give our opinions freely about any issues that affect us such as issues in our local area. Adults should listen to us and take us seriously.

## **Conservation status**

Indicates whether a group of organisms/species still exists and how likely it is to become extinct in the near future.

Currently, their conservation status is classed as 'vulnerable'

### Reintroduced

\*\*\*\*\*\*\*\*

Put a species of plant or animal back into its former

Talk about the importance of such checks and why you think the dormice are being reintroduced.

## **Habitats**

The natural homes or environ of an animal, plant, or other

It's important to be aware of local **habitats** and ensure the homes of wildlife are protected.

To grow or develop well.

It is thought that a lot of the habitat that the hazel dormou needs to survive and **thrive** is decreasing.

### Reclassified

Assigned or divided something into a different category or group than it was previously.

A recent report from the University of Exeter urges for hazel dormice to be reclassified as 'endangered'.

Strongly advises or tries to persuade someone to do something.

A recent report from the University of Exeter **urges** for hazel dormice to be reclassified as 'endangered'.
